

## PORTABLE DIGITAL GLOSSMETER

With this glossmeter, you can perform simple and effortless quality inspection. The rugged, extremely lightweight and ergonomic instruments include Swiss-made optics and electronics, advanced stray light compensation algorithms and a host of features. Connect the instrument wirelessly to your mobile device and use our easy-to-use app to generate meaningful statistics, file sharing, collaboration and reporting.

### EIGENSCHAFTEN

- Coatings, plastics and related materials. High gloss (20°), medium gloss (60°).
- Automatic calculation of "reflection haze H" according to ASTM D4039 for two- and three-angle versions
- Inline use in production
- Use as stand-alone instrument
- Contact measurements: with mounted attachment
- Non-contact measurements: without attachment with a measuring distance of 5 mm/0.2 in
- Rechargeable battery
- Removable, 1x AAA, flight-safe

### TECHNISCHE DATEN

#### Power connection

**Compressed air connection** nein

#### PC connection

**Width / Diameter**

**Depth**

**Height**

**Weight (net)** 0.15 kg
