

VACUUM PLATES

Absolutely flat base for holding very different materials. Helpful accessory when using film pulling applicators. Also suitable for screen printing.

Standard plate with holes: For holding rigid materials such as contrast cards, metal sheets, plastics and glass plates.

Special design vacuum plates with suction channel are available for holding thin and flexible materials such as plastics and fine paper sheets.

A vacuum pump is available as an option.

EIGENSCHAFTEN

- Absolutely flat and distortion-free precision vacuum plates for holding various substrates in place
- For laboratory and factory use
- For mounting films with applicators and for producing screen prints
- Easy handling

TECHNISCHE DATEN

Power connection	100 V / 50 Hz, 230 V / 50 Hz
Compressed air connection	nein
PC connection	No PC connection
Width / Diameter	440 cm
Depth	320 cm
Height	5 cm
Weight (net)	6.30 kg
